

### **In-store Consultation**

A free in-store consultation appointment can be arranged with your local showroom. You will have the opportunity to discuss your requirements and tastes. We will suggest design and colour schemes and will also provide estimates for your chosen products.

### **Home Consultation**

(Only available through our Belfast & Magherafelt showrooms, and within a 50 mile radius.)

Take advantage of our specialist Home Design Service for all major renovations or new builds. Our free Home Consultation service includes:

- A visit to your home or site
- Measuring the areas to be tiled
- Discuss the style you wish to create and the suitability of products for the project.
- Suggest design and colours schemes
- Discuss budgets & time scales

Once your home consultation has been completed we would invite you to make an appointment at one of our showrooms to choose individual tiles from a wide selection of products which we feel meet your design brief.

Your Consultant will then prepare a design scheme including drawings, estimates and arrange samples where appropriate. (Sample tiles to be returned on the conclusion of the project)

Upon placing your order we will provide you with a copy of all scale drawings.

### **Installation services**

(Only available through our Belfast & Magherafelt showrooms.)

When it comes to installation we use our own team of specialist tilers and manage the project from start to finish. Our specialist tilers will install the tiles and ensure that cuts and patterns are consistent with the client's expectations.

We will arrange all delivery of the tiles, adhesives, grout and other materials and are always happy to offer advice on maintenance once the stone or porcelain has been installed for a while.
